Re: Ex Parte Meeting

Dear Ms. Dortch:

I write to inform you of a July 8, 2004 ex parte meeting that the below listed members of the Education and Libraries Network Coalition (EdLiNC) conducted with Scott Bergman of Commissioner Jonathan Adelstein's office. During this meeting, members of EdLiNC discussed with Mr. Bergman the Commission's Further Notice of Proposed Rulemaking that seeks comment on proposed rules changes to the Universal Service's Schools and Libraries Program (CC Docket No. ~~02-6~~, FCC 03-323). EdLiNC members discussed their opposition to proposals to lower the top discount level for internal connections, referencing rationales included in their filings. Specifically, EdLiNC members object to any discount matrix adjustment because: 1) the lowest income applicants, who this program was designed to serve, might be unable to participate if they have to pay a higher share of eligible service costs; 2) the new "twice every five years" rule, designed to combat waste, fraud and abuse, should be afforded ample time to work before establishing new rules to combat the very same problem; and 3) applicants may be so confused by proposed rule changes that they will be deterred from applying at all. EdLiNC members also discussed problems with various proposals that would mandate that applicants audit themselves, including concerns about the cost to applicants and the program of self-auditing and the question of whether even low dollar applications must also audit.
